Workshop on World Bank Credit for Engineering: Exports

9Q5. SHRI RAMCHANDRA BHARADWAJ:
SHRIMATI MAIMOONA SULTAN:
SHRI BHAGATRAM MANHAR;

Will the Minister of COMMERCE be pleased to state:

(a) whether a workshop on World Bank credit for engineering exportis held in New Delhi on or about >ry 10, 1986;

(b) if so, what were the main con clusions arrived at the workshop and s "jgestions and observations made thereat; and

(c) what is the Government's re action thereto? '

THE MINISTER OF COMMERCE AND FOOD AND CIVIL, SUPPLIES (SHRI P. SHIV SHANKER): (a) to (c) Yes, Sir. A workshop on World Bank Credit for Engineering Exports' was held in New Delhi on 10th January, 1986. The main objective of the Workshop wag to advise industry of the World Bank loan for 10 million, which has been negotiat. ed by Government of India, and the components thereof. At the workshop, detajls of loan component's, the *modus operandi* for managing the loar and how industry could utilise this loan was discussed.

Production and export plans of individual "Thrust" industries

906. SHRI RAMCHANDRA BHARADWAJ:
SHRIMATI MAIMOONA SULTAN;

Will the Minister of COMMERCE be pleased to state:

(a) whether Government have undertaken a detailed exercise to draw up production and export plans of individual "thrust" industries iden tified by the D. V. Kapoor Committee;

(b) if so, what are the recommendations of the D. V. Kapoor Committee in this regard and the details of the exercise undertaken by Government; and '

(c) whether any new policy initiatives in the areag of production and export marketing have been or are likeiy to be announced by Government, if so, what are the details thereof?

THE MINISTER OF COMMERCE AND FOOD AND CIVIL SUPPLIES (SHRI P. SHIV SHANKER): (a) Yes, Sir.

(b) and (c) The Committee has recommended a two pronged strategy for achieving a quantum jump in engineering exports, namely:—

(i) continuation and strengthening of the existing broad system of incen. tives for exports;

(ii) Providing the 'thrust industries' a special policy environment keeping in view the considerations of optimum scales of production, technological upgradation, modernisation and competition with a view to make these industries internationally competitive. Detailed exercise's for drawing up production and export plans for individual 'thrust industries' are being
